Class monthly news

It's hard to believe the holidays are here; now we can hear our favorite holiday music all day long. Mrs. Elisa and Mrs. Judy want to thank all the parents who attended the parents' teacher conference it was a great success. During this month we will take advantage of the approaching winter season to continue with our learning experiences.

Remember you are more than welcome to volunteer in the classroom. We invite you to build an everlasting learning experience for your child and encourage parent/family participation in our classroom and through educational enrichment at home

Parents, Parents, Parents

You are invited to our holiday celebration on

Wednesday, December 20, 2017

AM class @ 10:00 am & PM class @ 1:30 pm

Books

Turkey Claus.

Gingerbread boy.

The Giving Tree.

What is Mathematics?

As young children explore their environment, they are beginning to notice relationships that are the foundations for mathematics. They can sort and match things that are the same or different; they can also arrange things in simple patterns, based on their characteristics; they are beginning to understand the meaning of words and phrases like "more," "less," "a lot," and "the same as." They are starting to use measurement to describe, compare, and order things, using both unconventional tools and conventional tools.

PLEASE DO HOMEWORK WITH YOUR CHILD

And send back the in-kind forms

Class monthly news

Parents:

It's hard to believe October is over, the mornings are cold and the days are shorter. Mrs. Elisa, Mrs. Judy, and Mrs. Claudia want to thank all the parents who attended the open house it was a great success. In our classroom, the activities for the month include nature walks and learning about leaves, trees, Owls, Turkeys, Scarecrow and Thanksgiving.

Remember you are more than welcome to volunteer in the classroom. We invite you to build an everlasting learning experience for your child and encourage parent/family participation in our classroom and through educational enrichment at home.

Five little Turkeys

Turkey Trouble

The little Old Lady who was Not Afraid of anything.

Pumpkin Day Pumpkin Night

Little Owl's Night.

What is Language Development?

It's emerging abilities in receptive and expressive language. This domain includes understanding and using one or more languages. Language development is among the most important tasks of the first five years of a child's life. Language is the key to learning across all domains. Specific language skills in early childhood are predictive of later success in learning to read and write.
