The Federal Affordable Connectivity Program (ACP) is a government assistance program that provides eligible households with a monthly subsidy for their internet service of up to \$30 (or up to \$75 for tribal lands). Visit <https://acpbenefit.org> to determine your eligibility, then visit <https://www.getfrontierfiber.com/acp-oer> or call 1.844.342.7501 to enroll with Frontier and review our program terms and FAQs. ACP subsidy is not transferable to another person and is limited to one per household but may be transferred to another provider at any time. If the ACP ends, if you de-enroll from the ACP or if you transfer your ACP benefit to another provider but continue to receive service from Frontier, you will be subject to Frontier's undiscounted rates, terms and conditions. Price reflects ACP subsidy off current retail price, which is subject to change. Service subject to disconnection if bill is not paid for 90 consecutive days. Equipment return required at disconnection; up to \$150 per device if not returned. Other applicable charges and additional services are extra. Subject to availability. Cannot be combined with other offers. Other restrictions, Frontier policies and service terms apply. Speed capable range: 450 to 500 Mbps download and 450 to 500 Mbps upload. Performance details: frontier.com/internetdisclosures. ©2022 Frontier Communications Parent, Inc. All Rights Reserved.
