

Help for Veterans in Crisis

Did you know that the Veterans Comprehensive Prevention, Access to Care, and Treatment (COMPACT) Act is now in effect?

Veterans who were discharged in any way other than dishonorably who are experiencing a suicidal crisis can go to any mental healthcare facility for no-cost treatment. Veterans do not need to be enrolled in the VA system to use this benefit.

The act allows the VA to:

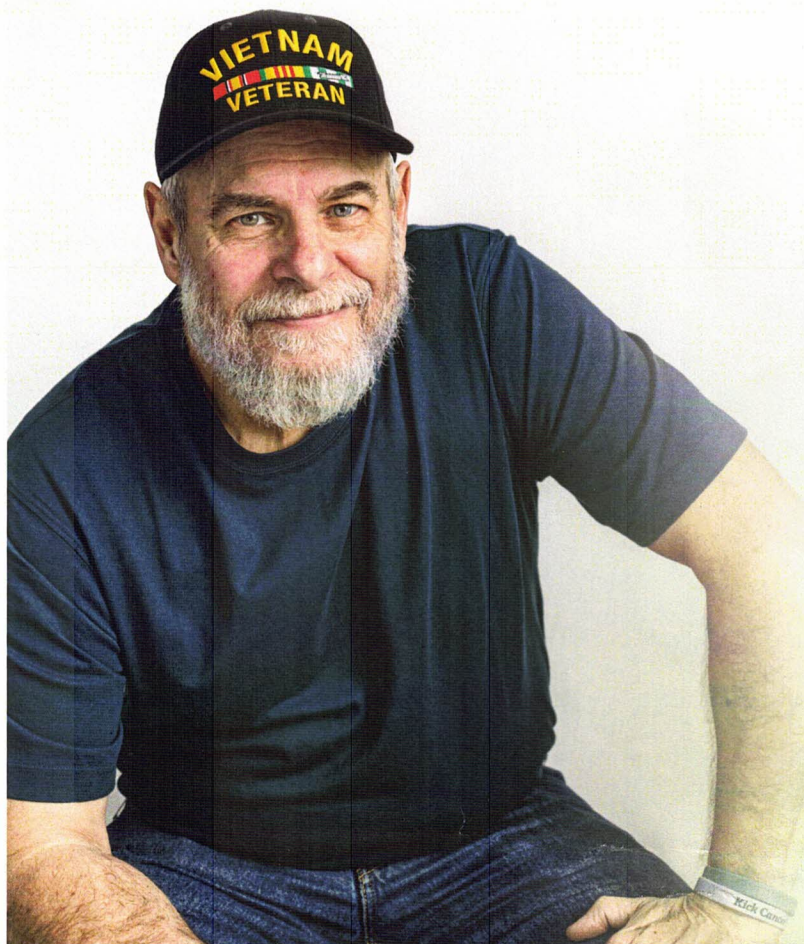

- Provide, pay for, or reimburse for treatment of eligible individuals' emergency suicide care, transportation costs, and follow-up care at a VA or non-VA facility for up to 30 days of inpatient care and 90 days of outpatient care.
- Make appropriate referrals for care following the period of emergency suicide care.

This expansion of care is designed to help prevent veteran suicide by guaranteeing no-cost mental healthcare in times of crisis. It will also increase access to acute suicide care for up to 9 million veterans who are not currently enrolled in VA.

Do you know a student who is having trouble coping?

If someone is struggling with a mental health issue, we can help.

In today's world, things move fast and stress can build quickly. Everyday events and situations can cause us to feel insecure and can have a negative impact on our lives. If a child or teen you know is experiencing any of the following, we can help. Left unchecked, continual feelings of stress can lead to:

Anxiety

Withdrawal

Physical
illness

Aggressive
Behavior

Reliance on
Drugs and/or
Alcohol

If you know someone in crisis or are just concerned about their mental health, call us at **574-936-3784** or **800-795-6252** today or learn more at michianbehavioralhealth.com.
